DETAILED ACTION

Response to Amendment

1. Applicant's response filed June 23rd 2008 has been received and made of record.
2. Applicant has cancelled claims 1-4 and 8-11. New claims 15 and 16 have been added. Claims 5-7 and 12-16 are now pending.
3. Applicant has cancelled all previously rejected claims. Claims 5-7 and 12-14 were previously allowed. New dependent claims 15 and 16 are also according allowed.

Allowable Subject Matter

4. Claims 5-7 and 12-14 are allowed.

The following is an examiner's statement of reasons for allowance:

Claims 5-7 and 12-14 all contain the limitation of "***wherein the position at which the human being is pointed is detected by calculating the intersection of the direction in which the human being is pointing and a predetermined object which is present within the image***". Watanabe disclose using the intersection of the eye pointing direction and fingertip point direction with a calculated distance arc (Section 4.4). However, Watanabe does not disclose calculating the intersection of the direction the human being is pointing and a predetermined object which is present in the image. The distance arc disclosed by Watanabe is not an object present in the image. No

other found prior art of reference teaches or fairly suggests the particular intersection as now recited in claims 5-7 and 12-14.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
